If there are multiple items/bags, please ensure that each item/bag has name, phone number and how many items/bags are in total for that purchase. Then they can all be put together in the CLOAKROOM and the staff in the CLOAKROOM know what goes with what. When you see the Transport Quad come passed your stall and you have items to be collected for the Cloakroom, please wave down the Driver so that they know to collect from your stall. Alternatively, you can have the items bundled together near the front of your Stall where the Driver is able to see them. Could you please have a black permanent marker at your stall ready to mark items/bags for your customers. If you need any help in using the Cloakroom facility, please ask the Secretary Jodi on 0413115495.
